

# THE RITUAL OF THE DARK CHEESE

---

Let it be known in the halls of shadow that

**The Moist Master**

has partaken in the sacred consumption of

**CAVE-AGED ROQUEFORT**

*The Incantation:*

Deep in the cavern where silence resides, \n  
The moisture of ages in darkness it hides.  
\n  
Let the rind soften, let the mold bloom, \n  
Within the slick walls of this shadowy room.

Performed on this dark day: 2026-01-26
